Meeting attendees with disabilities that need special accommodations should contact the Cass County Highway Department at 701-298-2370 prior to the meeting to make arrangements.
CASS COUNTY PLANNING COMMISSION  
SEPTEMBER 26, 2019

1. MEETING TO ORDER  
A meeting of the Cass County Planning Commission was called to order on September 26, 2019, at 7:00 AM in the Vector Control Conference Room with members present as follows: Ken Lougheed, Keith Monson, Dr. Tim Mahoney, Brad Olson, Keith Fisher and Duane Breitling. David Gust was absent. Also present were County Planner, Barrett Voigt, and Assistant County Engineer, Tom Soucy.

2. MINUTES, APPROVED  
MOTION, passed  
Mr. Olson moved and Mr. Breitling seconded to approve the minutes of the April 25, 2019 meeting as presented. Motion carried.

3. PUBLIC HEARING ITEMS
   a. Minor Subdivision Plat of Cornell Second Subdivision, located in Cornell Township  
      Mr. Lougheed opened the public hearing.
      
      Mr. Voigt provided an overview of an application for a minor subdivision entitled Cornell Second Subdivision filed by Shawn Thomasson from Moore Engineering on behalf of Feder Properties LLP. The proposal requested approval for a one (1) Lot, one (1) Block subdivision for the purpose of a lot line adjustment to correct a property line error of Cornell First Subdivision. The proposal would add approximately more than 2 acres of land on to the west side of Lot 1, Block 1, Cornell First Subdivision to satisfy the needs of the applicant. Because a deed restriction was already recorded for the transfer of development rights for Cornell First Subdivision, the applicant requested to continue to use the development rights transferred from that deed restricted property to allow for the new lot creation. No public comments were received prior to the meeting and staff recommended approval of the subdivision application as outlined in the staff report.

      The public hearing was closed.  
      MOTION, passed  
      Mr. Monson moved and Dr. Mahoney seconded to approve the minor subdivision and variance request with the conditions outlined by the County Planner.  
      Motion carried.

   b. Minor Subdivision Plat of Hefty Seed Subdivision, located in Everest Township  
      Mr. Lougheed opened the public hearing.

      Mr. Voigt provided an overview of an application for a minor subdivision entitled Hefty Seed Subdivision filed by Tom Warner of FEC on behalf of Thomas & Mary Weiss. The applicant requested approval for a minor subdivision to plat a one (1)
Lot, one (1) Block subdivision of approximately 15 acres to construct a structure for retail commercial land use purposes. The proposed lot location was proposed for the northwest corner of the intersection of County Road 23 and U.S. Interstate 94 and had secured a county access permit. No public comment were received prior to the meeting, however comments were received from various government agencies. The NDDOT requested that snow storage not be placed in their easement or right of way. As a result, staff requested a conditions of approval for a transfer of development rights and the prohibition of snow storage in the U.S. Interstate 94 right of way.

Discussion was held regarding the elevation and drainage. 3 feet of fill will be brought in to address drainage.

The public hearing was closed.

*MOTION, passed*

Mr. Fisher moved and Mr. Olson seconded to approve the minor subdivision with the conditions outlined by the County Planner.

Motion carried.

c. Application requesting a Text Amendment to amend Section 203 of the Cass County Subdivision Ordinance (CCSO) relating to subdivision ordinance exemptions (Cass County).

Mr. Lougheed opened the public hearing.

The County Planner requested approval of a text amendment of §203 of the Cass County Subdivision Ordinance (CCSO) for the purpose of expanding the list of exemptions of the CCSO to allow for the exemption of diversion, sale or transfer of land for federal, state or local government.

The County Planner stated that he felt the additional exemption language needed to be added so that the ordinance text document would match the subdivision application process in practice. The County Planner also stated that he wanted to provide transparency to the public regarding which government activities don’t require platting such as flood buyout, diversion, and/or public recreation facility development activities and proposals, etc. No public comment was received prior to the meeting and staff recommended approval of the text amendment application.

The public hearing was closed.

*MOTION, passed*

Mr. Breitling moved and Mr. Fisher seconded to approve the text amendment as outlined by the County Planner.

Motion carried.

4. NEW BUSINESS

a. New Planning Commissioner Elissa Novotny

Mr. Lougheed welcomed Elissa Novotny to the Planning Commission.
b. New Subdivision and Zoning Ordinance Consultant Selection Steering Committee Solicitation.

The County Planner explained that the Planning budget was approved and a line item within the budget was for $60,000.00 to rewrite the subdivision ordinance and zoning ordinance. The proposal of the new ordinance would meet the goals of the Comprehensive Plan. The new ordinance document proposal would serve two purposes. The first is to provide an opportunity for consultants to investigate a better way to manage the land use management process in the county. The second objective is to provide a zoning template for townships that choose not to have the county manage their zoning ordinances. This template would provide an opportunity for townships to adopt sections of the ordinance for their own township ordinances. The County Planner stated that the RFP would be released Friday, September 27, 2019 and that proposals were due October 29, 2019. The County Planner provided a full breakdown of the schedule to the Planning Commission board members and explained that a Selection Committee would be formed using a wide range of representation to include County Commissioners, Planning Commissioner that would be selected at the meeting, Township Supervisors and County Staff. The committee would be responsible to select the consultant to implement the application request and it was anticipated that the project would be multi-phased lasting approximately 2 years.

Ms. Novotny volunteered to serve on the Selection Committee. It was agreed that Mr. Voigt would contact Mr. Gust to verify interest in participating on the committee.

5. ADJOURNMENT

On motion by Mr. Olson, seconded by Mr. Breitling, and all voting in favor, the meeting was adjourned at 7:30 AM.
Cass County Planning Commission Staff Report

Agenda Item No. E.1

Cass County Planning Commission Staff Report

Entitlements Requested: Minor Subdivision (1 Lot) of a part of the NE 1/4 of Section 14, Township 143 North, Range 51 West

Title: Kyser Subdivision  
Date: 12-3-2019

Location: NE 1/4 of Section 14, Township 143 North, Range 51 West (Bell Township)  
Staff Contact: Barrett Voigt

Parcel Number: 26-0000-01256-000  
Water District: North Cass Water District

Owner(s)/Applicant: Shirley Hoffert/Cole Neset – Neset Land Surveys  
Engineer/Surveyor: Neset Land Surveys

Proposal

The applicant is seeking approval of a minor subdivision entitled **Kyser Subdivision** to create one (1) Lot and one (1) Block of approximately 5 acres for the purpose of creating a lot to construct a residential structure for residential use. The proposed lot is located at NE 1/4 of Section 14, Township 143 North, Range 51 West of Bell Township and does not have an address.

The proposed ownership and maintenance responsibility of the subdivision will be private. The subdivision will use township road access, ditches for storm sewer conveyance, rural water, and on-site septic systems for wastewater treatment. The property currently does not have a connection to water or electricity, however the applicant has received pre-approval from both Cass County Electric Cooperative and Cass Rural Water District to provide these services in the future.

Staff Analysis

Land Use and Surrounding Uses
The subject property is bound by agricultural production land on the north, east, and south. The Elm River (a blue line perennial) is located west of the property. Bell Township has submitted a letter of approval the project with the condition and has provided comments that they request of 50 feet of right of way for the future construction of a drainage ditch along the northern property line of the proposed lot.

Floodzone
According to the FEMA Flood Map Service Center, this property has no Special Hazard Flood Area identified. In addition, no wetlands, or other notable features were identified to be present on the proposed subdivision Lot. A United States Geological Service (USGS) blue line perennial water has been identified for this site. The lot will not abut the Elm River on the west side of the property. However, a Minimal Disturbance Setback Zone (MDZS) and Limited Disturbance Setback Zone (LDZS) have been identified for the property and have been delineated on the plat.
**Land Development Rights**

The subject quarter-quarter section currently has no development. Section 308 of the Cass County Subdivision Ordinance states that every quarter-quarter section is granted one (1) Development Right to create a buildable lot with a minimum of forty (40) acres. Because the lot subdivision proposal is less than forty (40) acres, a transfer of a development right from another parcel in excess of forty (40) acres is required along with a deed restriction of the sending parcel to limit the land use to agricultural land uses only.

---

### Staff Recommendation

To accept the findings and recommendations of staff and recommend approval to the County Commission of the subdivision application as the proposal meets the goals and objectives of the Cass County Comprehensive Plan, the Cass County Highway Access Plan, the Flood Damage Prevention Ordinance, the Cass County Subdivision Ordinance and all other applicable regulations, with the following conditions:

1. A deed restriction be recorded that meets the requirements of Section 308 of the Cass County Subdivision Ordinance.
